

DO YOU HAVE A RELATIVE WITH BORDERLINE PERSONALITY DISORDER?

The National Education Alliance for Borderline Personality Disorder (NEABPD), in collaboration with Dawkins Productions, Inc. of Hastings on Hudson NY, is seeking family members over the age of 18 who have a relative with Borderline Personality Disorder (BPD) to participate in a research study.

The purpose of the study is to test the effect of educational video programs about mental illness on families who have a relative with BPD.

The participants will be asked to view a series of videos and to complete a set of questionnaires about their experiences with BPD and their knowledge of BPD. The videos will be viewed and the surveys filled out on a secure website on the internet, and it will take approximately 3 hours to complete.

All responses will be kept confidential and participants will not be identified by name.

Participants will receive \$25 for their time.

If you are interested in this study and would like additional information, please contact NEABPD at:
