Talk, Q&A and Book signing

Join us for a talk, Q&A and book signing with Dr. Perry Hoffman, PhD co-editor and Andrea Rosenhaft, LCSW, one of the contributors to Beyond Borderline. This provocative book uncovers the truth about a misunderstood and stigmatized disorder, and offers an opportunity for a deeper, more empathetic understanding of BPD from the real experts—the individuals living with it. In Beyond Borderline, two internationally acclaimed experts on BPD—including Perry Hoffman, cofounder and president of the National Education Alliance for Borderline Personality Disorder (NEABPD)—team up to present a rare glimpse into the lives and recovery of people affected by BPD. This powerful compilation of stories reveals the deeply personal, firsthand perspectives of people who suffer with BPD and explores the numerous ways in which this disorder has affected their lives.

BOOK REVIEWS
“Saying that these are important stories is not enough. These are essential stories, to be read and digested by anyone with BPD, anyone who has a loved one with BPD, and any professionals (not just mental health professionals) who work with people with BPD. These wonderful and courageous authors help us understand their suffering, and then show us how they created hope, and a life worth living, from the depths of despair. This is truly an educational and inspirational book.” —Alan E. Fruzzetti, PhD, professor and director of dialectical behavior therapy (DBT) and research program department of psychology at the University of Nevada, Reno
